

AMENDMENTS TO THE CLAIMS

This listing of the claims replaces all previous listings and versions:

1 to 27. (canceled).

28. (currently amended): A transgenic mouse or progeny thereof, comprising an expression cassette comprising a cis-acting transcription regulator operably linked to a reporter sequence encoding a light-generating protein, wherein said cis-acting transcription regulator consists of the sequence presented as SEQ ID NO:35 and the sequence presented as SEQ ID NO:32 and further wherein expression of the light-generating protein is indicative of angiogenesis.

29. (previously presented): The transgenic mouse of claim 28, wherein said light-generating protein is a luciferase.
